

FBC MOULAY MOROCCO

THE SPOT

The world famous wave spot 25 km north of Essaouira. The summer months (June - August) mean very strong wind and smaller waves, and in the Spring and Autumn the swell is bigger but the wind lighter – averaging 4 - 6 beaufort. The day starts with light wind – perfect for an early morning SUP or surf session, and then picks up through the day peaking around 2 - 3 pm. This is a spot for intermediates, advanced and experts, with strong winds and waves of all sizes (2 - 5 m in winter – less in summer) and a sandy rescue beach downwind should you break and drift.

Moulay should be on the must-visit list of all wave sailors as it's the only reef break within short-haul travelling distance that is open to Atlantic groundswells and has a reliable thermal cross-shore wind. Plus it's starboard tack! It's a fantastic spot – you, nature, like minded windsurfers, friendly locals and unforgettable sessions!

THE CENTER

FBC Moulay (Magic Fun Moulay) is truly unique in our portfolio of centers. The center is based in Moulay, but also operates windsurfing safaris to Sidi Kaouki and Essaouira in order to get the best from these magical locations. Bruno, the owner, has 20 years of experience, knows the local tides and conditions, and will make sure that you are always in the right place at the right time. The wind blows side shore from the right at all spots but generally Moulay and Sidi Kaouki have the strongest wind. Moulay is a firm favourite with the FBC Team who have an exclusive center there, as well as a great Café Resto with direct views to the beautiful scenery and action!

MOULAY

Probably the best wave spot for riding and jumping in the whole of wide Europe – for true Addicted Boarders!

Morocco is a very special, magic place whose diverse mix of cultures, religions, culinary arts and languages will make you get lost in time and space. The combination of its archaic roots and the modern appearance will surely cast its spell over you. A tolerant country full of beauty, passion, secrets, lively colors and inspiring scents & flavors amazing your senses.
